Welcome to Astoria . . .

FELLOW LEGIONNAIRES: As Manager of the City of Astoria, and as a member of The American Legion, I was very happy to receive word that the 30th Department Convention would be held in Astoria from September 15 through September 18.

We in Astoria feel highly complimented by the selection of our home for this get-together. I am confident the members of The Legion and their families will find this city just as warm and hospitable in these days of peace as it was to all men during the days of war.

Members of The Legion and others who attended the Department Convention in 1934 still recall the great parade which fascinated and astonished even the oldest residents who thought they had seen everything in the way of parades until The Legion came along.

We have the facilities in our city which will enable the Convention to function efficiently. At the same time we have recreational and amusement facilities which will enable our friendly visitors thoroughly to enjoy themselves.

We want you—particularly those who do not know us too well—to get better acquainted with our city and with the citizens of our city. I know you will find them friendly folks like your neighbors in your own cities and towns. When you come to Astoria, just keep in mind that we are all neighbors, that we are very proud of our veterans, and that we are going to do everything we can to help you enjoy your stay here.

Manager of the City of Astoria

WE SALUTE YOU, LEGIONNAIRES

Welcome to Astoria. We hope you enjoy your Convention, and we urge you to make full use of the facilities we have to offer to enable you to get the most out of your four days with us.

We hope you will find time to visit the many scenic and historic spots in and around our city.

WHEN GOOD FELLOWS GET TOGETHER

Legionnaires are business men, farmers, craftsmen . . . a good cross-section of Americans. Civic-minded, they're working for Oregon's progress. So is Reddy Kilowatt, your handy, 24-hour-a-day helper. He's the symbol for Pacific Power & Light Company's low-cost electricity, today's biggest household bargain. When you have a convention to attend, Reddy keeps things rolling at home. So relax . . . Reddy's on the job.
